

# Barton Village Inc. Electric Department

## NOTICE OF PROPOSED TARIFF CHANGES

On February 14, 2023, the Barton Village Inc. Electric Department filed revised tariffs with the Vermont Public Utility Commission (PUC) for an increase in its retail revenues of 18.27%. The over-all increase in costs for the Electric Department is due largely to increases in the distribution operation and maintenance categories of the cost of supplying and distributing energy to the consumer. The proposed retail rate schedule is to be effective on a service rendered basis beginning April 1, 2023.

To determine the impact on your individual bill, use the present and proposed rates column and your average monthly consumption. For example, a residential customer using an average of 600 kWh a month would calculate his or her bill as follows:

		<u>Present Rates</u>		<u>April 1, 2023 Proposed Rates</u>
Customer Charge		\$ 10.34		\$ 12.23
NYPA	100 x .09216	9.22	100 x .10899	10.90
Year Round kWh	500 x .19393	<u>96.97</u>	500 x .22936	<u>114.68</u>
		\$116.53		\$ 137.81

The Public Utility Commission has no authority to suspend this rate request. If the PUC decides not to open a formal investigation, the rates will take effect April 1, 2023, on a permanent basis. However, the PUC may order a formal investigation and hearing on the proposed rate changes. Until completion of that formal review by the PUC, the increase would be listed as a surcharge on your bill. Any person wishing to comment on the proposed rate change should file their views in writing via the PUC's electronic filing system which can be found at [ePUC.vermont.gov](http://ePUC.vermont.gov) and use **Case No. 23-0542-TF**. Comments may also be submitted by regular mail at Vermont Public Utility Commission, 112 State Street, Montpelier, Vermont 05620-2701. Comments should be filed by **March 14, 2023**.

Any interested person may examine the tariff change filing documentation on [ePUC.vermont.gov](http://ePUC.vermont.gov) or at the Barton Village Inc. Electric Department offices during normal business hours.
