## NOTICE OF RATE INCREASE

March 13, 2024

Dear Barton Village Resident,

This letter serves as notice to inform you of the wastewater rate increase that will appear on your April 2024 bill. The wastewater rate will increase by 28.2% (\$17.07 per 4,000 gallons used).

Barton Village, Inc. adopted this rate increase as part of the 2024 Wastewater Department budget that was voted on and passed by Village residents at the Annual Meeting on March 12, 2024.

Operating costs have increased due to the price of supplies and materials, maintenance of plant infrastructure, and manpower required for the safe and efficient operation of the wastewater plant.

If you have any questions about the rate increase, please contact:

- The Village Office at 802-525-4747 Monday through Friday, 7:30am to 4:00pm.
- Or you may visit [bartonvt.com/annual-reports/](https://bartonvt.com/annual-reports/) to view the 2023 Annual Report containing the 2024 Wastewater Department budget, as well as the Board of Trustees' Report for more information.

Thank you,

Barton Village, Inc.
