Minutes

- A. **Call to Order:** Gina Lyon called the meeting to order at 6:01 PM.
- B. **Changes to the Agenda/Additions or Deletions:** Gina Lyon added action items I & J to approve refinancing Passumpsic Savings Bank line of credit into a loan. As well as the dedication & acceptance of lower Sunrise Ave.
- C. **Privilege of the Floor:** Anne Marie MacEachern addressed the Trustees regarding the water/sewer service charges for four apartments located within a single building that she owns. She explained that none of the apartments are occupied, nor have they ever been occupied. The building does not have a water meter; however, she is currently being charged four separate monthly base service fees. Ms. MacEachern requested that the charges be reduced to a single service fee. The Trustees advised that they will review the property's details, including the fact that it is associated with a single SPAN identification number, and will follow up with her after completing their review.

Chris Skowron then addressed the Trustees and requested that the streetlight in front of 275 Main Street be replaced.

Jacqueline Laurion also noted that the streetlight located directly in front of the entrance to Pageant Park Campground has been out for a few years, making that section of the roadway very dark as vehicles enter the campground, and come down the steep section of Pageant Park Road.

The Trustees noted that they will investigate the lights, and made mention of lighting may be at the cost of the homeowner depending on light pole location. Still, they are reviewing the matter.

Ms. Skowron also inquired about filing a grievance regarding the recent property assessments completed within Barton Village and the Town. In addition, she expressed concerns about work taking place behind her home. The Trustees advised that both the property assessment grievance and the work occurring behind her residence are matters under the jurisdiction of the Town and the Zoning Administrator. Ms. Skowron was provided with the Zoning Administrator's office hours.

Lastly, Jacqueline Laurion thanked the Trustees for installing an additional "Slow Down for Pedestrians" sign on Pageant Park Road, stating that it was a welcome safety improvement. She also complimented the recent beach sand cleanup at Pageant Park Beach, noting that the area looks very nice.
